GENERAL MANUFACTURING

WE PROVIDE THE FLEXIBILITY YOU NEED

TEMP-TEAM understands that the necessity to match candidates to your organisation is key in order to maintain a competitive edge, both in the UK and abroad.

We will ensure a fit for all areas of your business, from receipt of raw materials through to despatch of finished products.

With increased competition from overseas markets, manufacturing companies are under pressure to respond to fluctuating customer demands, reactive orders, more stringent quality specifications and tighter margins. Both permanent and temporary candidates provided by TEMP-TEAM are comfortable working within these restraints.

KEY ASPECTS OF OUR SERVICES ARE

- In-depth face-to-face interviews
- On-site induction program
- Health and Safety briefing
- Regular service reviews
- Monitoring of key performance indicators
- Customised written, practical and quality tests
- Training and performance assessments
- 24-hour, 7-day response
- Close follow-up
